I would love to answer everyone who comes to me... I can't answer all and please don't hesitate to write my number, I am willing to listen!.. The app will still show my app. I'll have to check what it does if I try the display mode but that's it. My data is still fine, no need to search for it. It does take a second after it gets installed so you might notice it take a bit longer depending on what's going on.. <http://goo.gl/1UeRmO>
